

Francis Marlou Pacaro

IT Infrastructure Senior Associate

IT infrastructure professional with 5+ years of experience in network, server, and endpoint administration for clients including L'Oréal, British Council, Globe Telecom, and Dell. Skilled in Cisco Firepower, Linux, Active Directory, and virtualization; recently cut SSH brute-force traffic by 39.9% and closed 497 of 500 tickets in five months. Computer Engineering graduate and Linux enthusiast who automates with shell scripting.

WORK EXPERIENCE

IT Infrastructure Senior Associate

Prople BPO Inc.

05/2022 – Present

Mandaluyong City, NCR

Achievements

- Hardened internet-exposed Linux servers by analyzing 37 days of SSH and firewall logs (~1,950 failed logins/day from 592 sources) and deploying a Cisco FMC blocklist, cutting daily attack volume by 39.9% with no compromise.
- Executed a core switch replacement and network segmentation in a 12-hour weekend window, and a firewall change that decommissioned a legacy load balancer, each with published rollback plans and post-cutover testing.
- Designed and deployed Phase 1 of an SNI-based HAProxy reverse proxy, consolidating published services onto shared public IPs across two ISPs under formal change control.
- Closed 497 of 500 Redmine tickets in five months (May–Sep 2026), covering VM provisioning for multi-tier client deployments, CentOS server administration, root-cause analysis, and support for client accounts including L'Oréal.
- Automated OS provisioning by implementing WDS with MDT (2024) and eliminated shared local admin passwords on all domain computers by deploying LAPS (2023); rolled out Acronis EDR and managed account lifecycles across AD, Google Workspace, PRISM, Five9, and Cisco VPN.

Local IT Support

British Council (via Prople BPO IT Managed Services)

05/2022 – 05/2023

Bonifacio Global City, NCR

Achievements

- Migrated local shared drives to SharePoint and upgraded network infrastructure with modern routers and servers.
- Streamlined laptop configuration and setup by deploying devices via WDS over LAN.
- Delivered onsite end-user support, including printer and software installations and secure access card issuance.

Technical Support Engineer

Unison Computer Systems, Inc. (Client: Globe Telecom)

02/2021 – 02/2022

Pasig City, NCR

Achievements

- Deployed McAfee, CrowdStrike, LAPS, NAC Agent, and Ivanti to keep endpoints compliant with security standards.
- Staged HP/MSI laptops with standard apps (MS Office, Adobe, Citrix Workspace) and joined them to the Globe domain.
- Diagnosed and repaired laptops on-site and coordinated with vendors on warranty part replacements.

Field Support Engineer

ActionLabs IT Services Phils. Corp. (Client: Dell)

10/2020 – 12/2020

Quezon City, NCR

Achievements

- Repaired Dell desktops, laptops, and peripherals on-site, including motherboard, SSD, and RAM replacements.
- Managed service tickets and documented detailed diagnostic and repair reports.

SKILLS

Network Administration

Cisco Firepower (FTD/FMC)

VLAN & Network Segmentation

HAProxy Reverse Proxy

Linux Server Admin (CentOS)

VM Provisioning

Active Directory & GPO

WDS / MDT / LAPS

Endpoint Security & EDR

UniFi Wireless

Google Workspace & M365

Bash/Fish Scripting

Root-Cause Analysis

Change Management

Business Continuity

SLA Reporting

Communication

Attention to Detail

Problem Solving

Technical Documentation

EDUCATION

Bachelor of Science in Computer Engineering

Jose Rizal Memorial State University – College of Engineering

Graduated 2019

Dapitan City, Zamboanga del Norte

- Capstone: Water Meter Monitoring System
- On-the-Job Training: Dr. Jose Rizal Memorial Hospital, Dapitan City

CERTIFICATIONS

National Certificate II (NC II) in Computer Systems Servicing

TESDA · 2017

TRAININGS & SEMINARS

pfSense Tech Talk

ICpEP Region IX Regional Convention · 2018

Data Business Analytics Tech Talk

ICpEP Region IX Regional Convention · 2018

Engineering Invention Contest & Expo

ZPCDEED Council Convention (Participant) · 2017

4th PCB Making Workshop

JRMSU Computer Engineering Organization · 2017

File System Management Seminar

JIECEP – JRMSU Chapter · 2017

Web Development with WordPress
